SUMMARY

Butterfly is a beautifully maintained cruiser-stern narrowboat featuring a remarkably light and spacious forward cabin, courtesy of her extra-large windows.

Designed with a functional layout, Butterfly is the ideal vessel for both weekend getaways and extended cruising. Demonstrating excellent upkeep, she underwent a comprehensive survey in 2023, after which the hull was grit-blasted, pit-welded, and protected with a premium two-pack epoxy coating.

She comes fully equipped with all essential cruising gear, a shoreline connection, solar panels, and a pump-out toilet.
